Dr. Joshua Lederberg
Department of Genetics
College of Agriculture
University of Wisconsin
Madison 6, Wisconsin

Dear Joshua:

I am sorry that we were unable to change the date for you and the date has indeed been left as I previously wrote. As you can readily imagine, fixing dates that are absolutely agreeable with some fifteen-odd persons is no small matter. Since you voiced no exceptionally vigorous objection to the week of November 2nd, that date has been saved for you.

Regarding hotel reservations which you asked me to make--Miriam and I would like to extend the hospitality of our home to you and Esther. If such an arrangement is not satisfactory, we will see that you are properly housed and fed. We will be looking forward to seeing you.

Sincerely,

David M. Bonner
Associate Professor of Microbiology
